### Dashboard

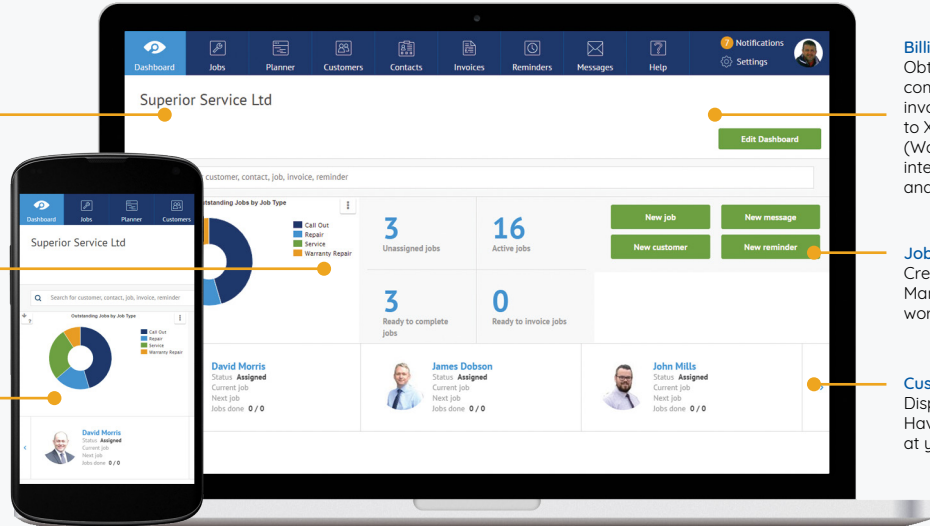

Manage your entire team from one platform. Monitor key performance indicators. Identify and manage issues as they happen.

### Tracking

Keep track of workflow. Keep jobs on track. Keep everyone on the same page.

### Workforce Management

Access daily schedules. Plan routes. Automate time and attendance records.

### Billing

Obtain digital signatures to complete jobs. Raise invoices. Send by direct link to Xero. (Watch this space for new integrations with Sage One and QuickBooks Online.)

### Job Management

Create and schedule jobs. Manage recurring work/service agreements.

### Customer Management

Dispatch jobs automatically. Have customer information at your fingertips.
